### NOTICES

The names of Officers seconded or supernumerary are printed in *Italics* in the Regimental Lists.

The words subscribed to the titles of Regiments, as "North-west Canada, 1885," "Saskatchewan," "South Africa, 1899," "Ypres", etc., denote the Honours awarded to such regiments in commemoration of their services. Those printed in heavy type are borne on their Standards or Colours, or, in the case of regiments having no Standards or Colours, on their Appointments.

Where two dates are shown against the name of an officer on the Corps Reserve of Officers, the first denotes former regimental seniority, and the second denotes his date of transfer to the Corps Reserve of Officers. Where three dates are shown, the second is his date of army rank, and the third denotes his date of transfer to the Corps Reserve of Officers.

### ALTERATIONS

All communications regarding alterations, errors or omissions in this publication should be verified by real signature and forwarded through the usual official channels of communication.
